

# Citrus College Photography

Award-winning photos courtesy of Brian Villarin (top left), Robert Pacheco (bottom left), and Kerry Murphy (right).

Citrus College offers a Certificate of Achievement in photography that prepares students to enter a variety of occupational fields such as professional photography, journalism, communications, and business.

Photography courses provide students with the knowledge and skills that can enhance their careers. Professional photographers are highly valued employees whose career opportunities include, but are not limited to, commercial advertising photographers, corporate photographers, portrait and wedding photographers, and photographic lab technicians. They often become successful business people, artists, and other professionals.

As a Citrus College photography student, you will become proficient in both the artistic and technical aspects of taking and processing photos—including

environmental, studio, and electronic techniques.

Photography students have several opportunities to display their work at art shows and galleries. They also compete in—and win—photography contests at the local, national, and international levels.

Citrus College's photography instructors are professional photographers, who have successfully combined their professional career with a career in education.

## College Admission

Admission to Citrus College is open to high school graduates and any person 18 years of age or over.

To enroll, submit an application for admission online at:  
<https://wingspan.citruscollege.edu>

New students enrolled in five or more units and planning to earn an associate degree, a certificate of achievement, or a skill award must take an English and math skills assessment. In addition, new students who plan to enroll in English, mathematics or reading classes must participate in the skills assessment process.

## Concurrent Enrollment for High School Students

Some programs and classes are available to current junior and senior high school students. Interested students should contact their high school counselor or the college's Admissions and Records Office.

## Associate Degree

For an associate degree, a student must complete 60 degree-applicable units of work and fulfill specific general education requirements, including electives and physical education. A cumulative grade-point average of 2.0 ("C") or above is required.

For detailed information, refer to the college catalog or consult a counselor.

## Transfer Requirements

Transfer requirements can be integrated with the associate degree option so that you may receive a degree at the time of transfer. **See a counselor for specific requirements for your major. Course requirements may vary among colleges.**
